

## Product Information

Self-adhesive surface protection film coated with an acrylic adhesive with excellent resistance to UV, solvents and moisture.

POLI-GUARD 6940 is especially developed for interior fitting applications in the automotive industry. Suitable for the surface protection of synthetics, door panels, shelves and carpets. The high varnish neutrality of the adhesive is especially to be emphasised.

Due to the LDPE-film POLI-GUARD 6940 is harmless for the environment.

## Technical Data

<b>Carrier:</b>	LDPE-film, translucent, blue	
<b>Adhesive:</b>	Acrylic	
<b>Adhesion [N/cm]:</b>	2,40	+/- 10 %
<b>Thickness [mm]:</b>	0,09	+/- 5 %

## Standard Dimensions

1.250 mm x 330 m

1.250 mm x 400 m

## Safety Data Sheet

When used under normal conditions, this product does not generate or release any dangerous substances or hazardous chemicals. This is a non-hazardous product in accordance with the current GefStoffV and EU criteria. Therefore it is not necessary to prepare a Material Safety Data Sheet for this product. The Safety Data Sheet serves only to comply with the regulation to supply information in accordance with REACH Regulation (EC) No. 1907/2006 and is available on request. This product is not a hazardous product with regards to transportation legislation; neither does it contain substances that are hazardous to water within the meaning of the federal water act. After use, dispose of the waste product in accordance with the local / national authorities.
